Keep Grass Clippings Out of the Street

When mowing your lawn, make certain that you do not blow grass clippings into the street and do not use a hose to wash them into the street or storm drains.

Grass clippings that are blown into the street can block storm drains or flow down to the Susquehanna River. Grass clippings contain nitrogen and phosphorous, which cause unwanted and uncontrolled growth of algae and aquatic weeds in waterways.

If you bag your grass clippings you're not doing the environment or your back any favors. Leave the grass clippings on the ground for a greener, healthier yard, especially if your mower has a mulching blade.

Grass clippings are a natural fertilizer. Don't waste money on expensive lawn fertilizers. You can reduce yard work and yard waste while saving water (grass clippings are 85 percent water).

It is best to mow frequently so that large amounts of leaf and grass residue don't remain on the surface of the turf.

Retirement Congratulations to Skip Magaro

Raymond "Skip" Magaro retired as our Parks and Recreation Foreman after 38 years. Skip started working for the township as a mechanic, but eventually found his love of nature, fishing and recreation to be what he enjoyed most and began working in the parks department. Skip has been the go to for all our events at the park insuring the grounds are kept pristine, trees planted and events going smoothly! His knowledge and expertise will be hard to replace and we wish him luck on the river fishing early mornings and nights! Thanks for all your hard work!

Imagination Station Playground Replacement Committee

The Township Recreation Board is excited to be seeking 5-10 residents to join us for the next year to plan the replacement of the Imagination Station. The Imagination Station is 20 years old in May 2017 and due to the aging structure we are looking toward the future. The Township has submitted a grant application to Department of Conservation and Natural Resources and plan to work through the details of the project with a committee. If you are interested in helping us rejuvenate the Imagination Station, please call the Recreation Department at 732-0711 option 3.

BOARD OF COMMISSIONERS - Standing, from left, are George Tyson, Paul Hartman and John Kuntzelman. Seated are Charley Gelb and Kristy Magaro.

Community News...

Recognizing Eagle Scout

Ryan Marshall received the Boy Scouts of America's highest rank, the Eagle Scout Award, on April 11. For his Eagle project, Ryan identified more than 60 trees at Adams-Ricci Community Park in Enola, Pennsylvania, and designed 40 signs with their tree name, Latin name, a QR code, and a few facts about the species. Users can scan the QR codes with their smartphone to go to the East Pennsboro Township Recreation website and learn additional information about the trees.

They also can see an interactive ArcGIS map of the trees that Ryan identified. He finished installing the green identification signs at Adams-Ricci Park on April 24.

Ryan will be recognized at his Eagle Scout Court of Honor later this summer and at the Boy Scouts of America New Birth of Freedom Council Eagle Scout Recognition Dinner in November.

Congratulations to Ryan and the Marshall family!

Kids compete each week of the Series for a chance to earn points and at the end of the Series the top boy and girl with the most points in their respective age division receive a trophy. It doesn't matter how fast or slow you run because all participants receive a medal and gift bag for their achievements courtesy of our sponsors! Cost is \$10/race or \$35/series (includes T-shirt).

"TEAM UP FOR TURF" WITH THE EP EDUCATION FOUNDATION

The Team Up For Turf committee is currently raising funds for a new Turf Field at the High School Stadium for the start of the Fall 2017 sports season! This field improvement (using NO Tax Payer Dollars) will help all outdoor sports, our award-winning marching band program, our physical education programs, as well as countless other organizations like EPYAL. The committee working to replace the grass field is stepping up its campaigning efforts by reaching out to the general EP community, our Alumni, and our families.

Composed of three parents, community members, two board of directors, and district associates, the committee needs to raise \$1.95 million for the total project, which would include a new field at the Stadium, a new Panther Club Box with spectator suites and space for media/coaches, and an additional artificial-turf stadium at the current site of the field hockey field (Panther Parkway).

We currently have several partnership opportunities including Naming Rights Sponsors and our Buy-A-Brick Program. The EP Education Foundation is a 501(c)(3) organization and as such, your contribution is Tax Deductible. This is a real opportunity to build a legacy for East Pennsboro Township, put us on a level playing field with area schools, and create a source of PRIDE for children today and into the future. For more info or to download a Sponsorship Form, please visit: www.epasd.org (click Athletics).

County Recognizes Emergency Operations Center

County Commissioners recognition on June 1st at the BOC meeting East Pennsboro Township recognize the following individuals for their actions that occurred before, during and after Winter Storm Jonas.

These three gentlemen for maintaining open streets during the worst of conditions:

- **Rick Brewbaker**, Highway Foreman
- **Raymond "Skip" Magaro**, Parks & Recreation Foreman
- **Mike Dobson**, Waste Water Plant Superintendent

These two gentlemen for having the foresight to preplan and ramp up the opening and continuous running the East Pennsboro Emergency Operations Center (EOC) and coordinating the use of Township snow removal assets to aid residents for medical assists calls:

- **Erik Owen**, Township Fire Chief /Administrator, Assistant Emergency Management Coordinator
- **John Bruetsch**, Twp PIO
- **Volunteer Firefighters from Northeast Fire & Rescue 20, Dale Crossland & his wife Sue** for obtaining life sustaining medical prescriptions for a Township resident during the height of storm, despite being stuck several times during the process and having to be dug out by Township snow removal crews.

Keep Ground Water From Entering Sewer Lines

Township officials are reminding residents that Township regulations prohibit the discharge of any roof, ground or surface water into any sanitary sewer, directly or indirectly. The regulations also prohibit the connection of a pipe into a sewer line carrying excessively hot water, which may be detrimental to a sewer or to operation of the sewer system.

When a basement floor drain is connected to the sanitary sewer system, there is a potential for a backup of raw sewage into the home if sewer lines become clogged. Any such connection of a drain to the sewer system violates regulations and must be disconnected.

Water from sump pumps or rain gutters that goes into the sewer system causes increased flows to the wastewater treatment plant, especially during heavy storms. The water must be chemically treated, the same as raw sewage, resulting in an increase in the amount of chemicals used and ultimately an increase in cost.

If you have questions, please call the Township engineer or the staff at the wastewater treatment plant, 732-3621

Trim Limbs, Branches

Tree limbs and branches must be at least nine feet above a sidewalk and 12 feet above any Township roadway to ensure the safety of walkers, motorists, emergency vehicles and Township snow plow equipment.

Property owners or occupants must also remove trees, shrubs and plant growth that interfere with safe pedestrian or vehicle passage on sidewalks and streets or obstruct any public street sign or traffic control device. The Township also prohibits all outdoor and open burning.

Scavenger Hunt Winners

Due to the timing of the township newsletters we were unable to enter the Scavenger Hunt winners from the Easter Holiday events on March 18th. We held our 2nd Annual Scavenger Hunt for the six years old and up kids and their families. We had 100 participants who ran all over Adams Ricci Park looking for clues and locations. We had 3 teams who were first to find all the clues and they are listed below. Congratulations to those winners and all the participants that joined us for a great day of activity in the PARK!

Team #1- Presely Sharetz, Bryce Sharetz, Dayne Miller and Andy Clymans

Team #2- Zach and Zoe Miller

Team # 3- Ryann Doll, Megan Doll and Ellery Pretsch
