JANUARY/MARCH 2016

Pumpkin Fests Reaches 39,000

The Pennsboro Pumpkin Fest Committee and East Pennsboro Township Recreation Department would like to thank the community for their support during the 16th Annual Pennsboro Pumpkin Fest. The estimated attendance was 39,054 visitors this year! There were pies turned in for the annual Pumpkin Pie Baking Contest. First place winner is Marie Miller, second was Susannah Foos and third place was Vincent Duong. Thanks go out to the community members and businesses that supported this event during Columbus Day weekend.

The Committee hopes you'll consider joining the Pumpkin Fest Committee and participate actively in meetings. Bringing your skills and new ideas will make the event better and keep it family friendly and free. One thing they would like to do in 2016 is to form committees to handle important tasks. Some of the committees we need for 2016 are Parking, Entertainment, Advertising, Volunteer Recruitment, Planning and working the days of the event. It's a chance to make a difference in the community.

No Grease Down the Drain!

Grease is a byproduct of cooking. It comes from meat, lard, oil, shortening, butter, margarine, food scraps, baking goods, sauces and dairy products. When grease washes down the sink, it sticks to the insides of the pipes that connect your home or business to the city's sewer. It also coats the insides of the city's sewer pipes. Eventually, the grease can build up until it completely blocks sewer pipes. That can create difficult and expensive maintenance problems for both the city and private property owners. Blocked sewer pipes can cause raw sewage to back up into your home or business, or overflow into streets and streams. Garbage disposals don't keep grease out of sewer pipes. Products that claim to dissolve grease may dislodge a blockage, but will only cause problems farther on down the line when the grease hardens again.

How You Can Help

At Home

- Don't pour grease down sink drains or toilets.
- Scrape grease and food scraps into the trash.
- Or, pour grease into steel cans, let it harden and throw in the trash.
- Catch food scraps and other solids with a strainer in the sink drain, and empty the strainer into the trash.
- Stop using your garbage disposal if possible, or try to minimize its use.

Restaurant and Building Owners

- Recycle grease and oil.
- Don't pour grease or oil into sinks, floor drains, or onto a parking lot or street.
- Use a grease trap or interceptor that is designed, installed, and maintained correctly.
- Never put solids into grease traps or interceptors.
- Check and maintain grease traps and interceptors regularly.
- Stop using your garbage disposal if possible, or try to minimize its use.

East Pennsboro Township becomes Go Get Outdoors Pennsylvania program provider

For more than a century, visitors have used Pennsylvania's state parks and forests for the pursuit of passive recreation and enjoyment. To help people become better connected to the outdoors and to help them to grow their appreciation for the protection of our special places, the Department of Conservation and Natural Resources (DCNR) began expanding its recreational programs and events in state parks and forests through Get Outdoors PA. Established in 2004 and grown over the last decade, the Get Outdoors PA program has offered thousands of recreation programs in Pennsylvania's state parks and forests. In 2012, more than 68,000 people participated in programs like Backpacking, Biking, Birding, Camping, Cross-country skiing, Fishing, Hiking, Paddling, Wilderness Survival and more. If you have an outdoor skill and would like to offer a program we are looking for instructors to further our mission to provide outdoor programming at our parks!

In 2012, DCNR teamed up with the Pennsylvania Recreation and Park Society (PRPS), Pennsylvania Fish and Boat Commission (PFBC) and the Pennsylvania Land Trust Association (PALTA) to expand the Get Outdoors PA program to include local and regional parks and recreation departments and land trusts in an effort to deliver outdoor recreation opportunities to Pennsylvania citizens and visitors all across the state. In early 2014, the Pennsylvania Game Commission (PGC) and Pennsylvania Department of Health (PDOH) joined as Flagship Partners. Finally at the end of 2014 the PA Parks and Forests Foundation (PPFF) became the newest Flagship Partner.

These partners will join with outfitters and providers to offer high quality, outdoor recreation programs in communities in addition to already expansive programming in state parks and forests.

Get Outdoors Pennsylvania Mission:

Get Outdoors PA strives to connect citizens with outdoor recreation activities to increase their appreciation and active use of parks, forests and public spaces while imparting a message of environmental stewardship and healthy living.

GOPA Goals:

- Connect people with the outdoors through Pennsylvania's public lands;
- Inspire environmental conservation, stewardship and healthy living;

2015-2016 Snow Removal Policy

The Township has announced its snow removal policy for the upcoming winter months:

TOWNSHIP ROADS

The Highway Department will begin plowing the most heavily traveled roads first. Salting and cindering will be performed as needed. After the initial plowing, the plow will return to widen the path to provide an area to plow additional snow if another storm occurs before a melting period.

Residents are asked to park their cars in their driveway, if at all possible. It is almost impossible for equipment operators to keep snow from being plowed in front of a driveway. This is not done deliberately. The Highway Department tries to clear all roads. Residents are also asked to move basketball backboards off streets.

SNOW/ICE REMOVAL FROM SIDEWALKS

Property owners are reminded that Township regulations require snow and ice to be cleaned from sidewalks within 24 hours after a snowfall ends.

SNOW EMERGENCY ROUTES

Residents are required to remove parked vehicles from streets and roads posted as snow emergency routes if a snow emergency is declared. Snow emergency announcements will be made over local television and radio.

FIRE HYDRANTS

Property owners are asked to clear around fire hydrants to ensure fire protection. Valuable time can be lost if firefighters have to clear snow from the hydrant area.

“FOR EP Parks” POSTS A SUCCESSFUL YEAR OF ACCOMPLISHMENT

The Friends of Recreation at East Pennsboro Parks (FOR EP Parks) had an active 2015 and looks forward to growth in the new year. The past year, the group has obtained the organizational structure necessary and legal status as a non-profit organization. With the structure in place, the group undertook a group of projects to raise funds for our parks while facilitating some great recreational activities in the parks.

In May last year, FOR EP Parks took the lead with the help of the East Pennsboro PTO in coordinating the Panther Prowl, a grueling obstacle course and fun run for kids from first through eighth grades. Later in May, FOR EP Parks hosted a small bocci tournament on the new bocci courts at Adams Ricci Park.

In August, FOR EP Parks provided face painting at the National Night Out and sponsored the Harrisburg Area Color Vibe 5k fun run. That event brought nearly 3000 participants to Adams Ricci park for a festive and colorful run. In October, Friends of Recreation at East Pennsboro Parks participated in the annual Pumpkinfest weekend and operated a pedal cart track.

Looking forward to the new year, FOR EP Parks will continue its efforts to host unique events and raise funds for our great township parks and recreational opportunities. The group meets the first Monday of each month at 6:00 PM at the township building and anyone interested in parks and recreation is invited to attend. Please consider becoming a member. Applications can be obtained at the township building or on Facebook at Friends of Recreation at East Pennsboro Parks.
